

Distribution Edition

Master margins. Tame disruption.

“I love to recommend Acumatica, but not to any of our competitors. Acumatica has transformed our business, given us access to real-time stock information, and given us the confidence that we can just keep on growing.”

– Colin Gilhespy, Co-Owner and Managing Director, [Cave Direct](#)

A Modern Cloud Business Platform for Inventory, Sales, and Supply Chain Agility

Supercharge your distribution business with Acumatica Cloud ERP—built to help SMBs compete with direct-selling manufacturers and low-cost global rivals. Our unified cloud platform delivers operational efficiency, agility, and real-time visibility, empowering distributors to grow sales across channels while protecting margins.

Born in the cloud and built for modern distribution, Acumatica offers AI-powered automation, omnichannel capabilities, and seamless connectivity. Optimize inventory with intelligent forecasting, automated replenishment, and time-phased planning. Streamline warehouse operations with paperless picking, barcode scanning, and matrix item support.

Gain supply chain agility with embedded WMS, connected shipping, and EDI automation. Ensure quality and traceability with lot and serial tracking. Improve inventory turns with automated purchasing and smart vendor management. Enhance customer relationships with integrated CRM, automated sales workflows, and dynamic pricing. Connect online and offline channels for seamless order processing and exceptional service.

With transparent, consumption-based licensing, Acumatica delivers enterprise-grade power on an SMB budget.

Empower Everyone with Role-Based Dashboards, Seamless Collaboration, and Intuitive Navigation

Acumatica's modern ERP applications streamline operations on a single, connected platform for employees to manage daily tasks and strategic goals. Improve client satisfaction and drive long-term growth with role-based dashboards, configurable workflows, and embedded AI.

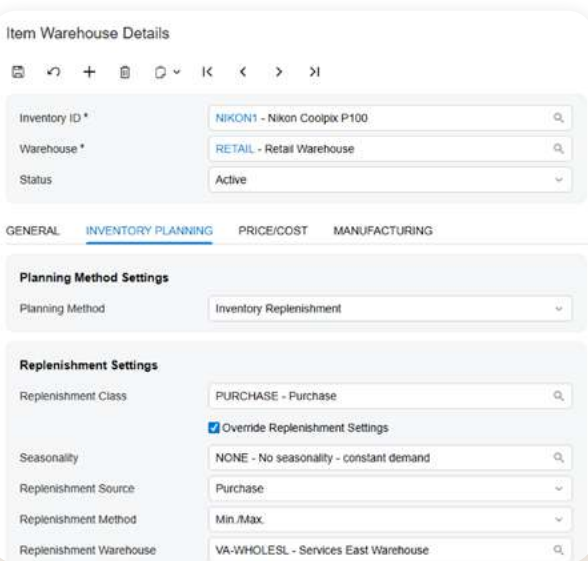

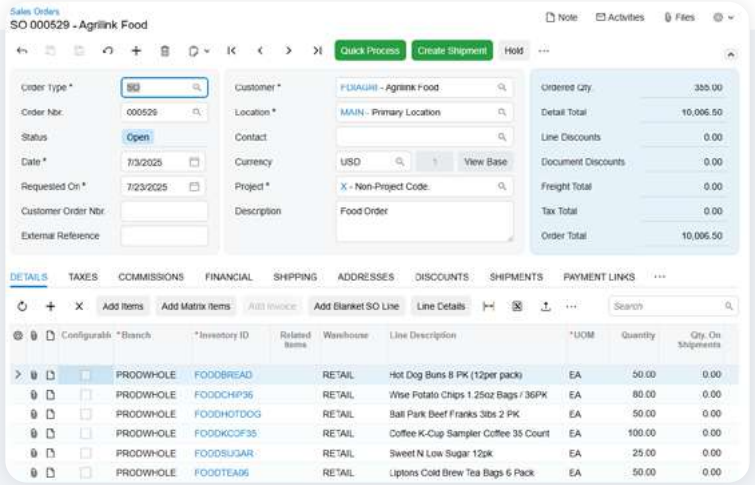

“They are saying, ‘Okay, I want a dashboard for this, or a report on these KPIs. They are coming up with ideas of how to accomplish more. These are things that our users would never have had in the old system. They never had the ability to even imagine a way to make their lives easier.’”

– Yisroel Hartman, Chief Operating Officer, [Sunshine Lighting](#)

Order Management

Streamline your purchasing and sales processes with automated order management that eliminates manual tasks and ensures accuracy. Easily create, track, and approve purchase orders while maintaining clear visibility into costs and vendor commitments. Efficiently manage sales orders with flexible pricing, discounting, and order fulfillment tools that enhance customer satisfaction.

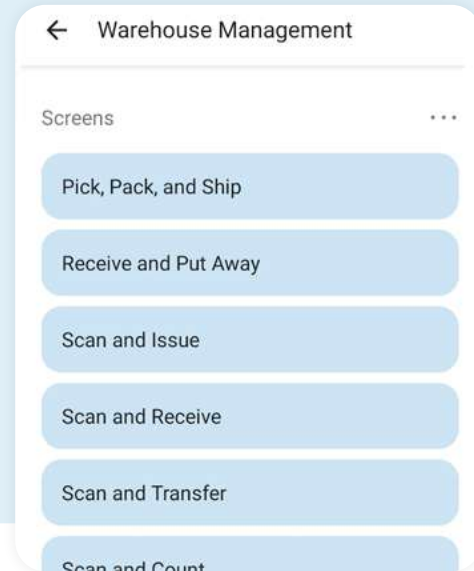

Inventory Management

Gain full inventory control with real-time tracking to minimize shortages and overstock while optimizing fulfillment. Automate replenishment with forecasting, eliminating guesswork. Streamline operations with kitting with disassembly and ensure traceability with lot and serial number tracking. Streamline transactions, increase turns, and reduce carrying costs with powerful analytics. Whether managing warehouses, coordinating shipments, or adjusting pricing, Acumatica keeps operations smooth and profitability high.

Warehouse Management

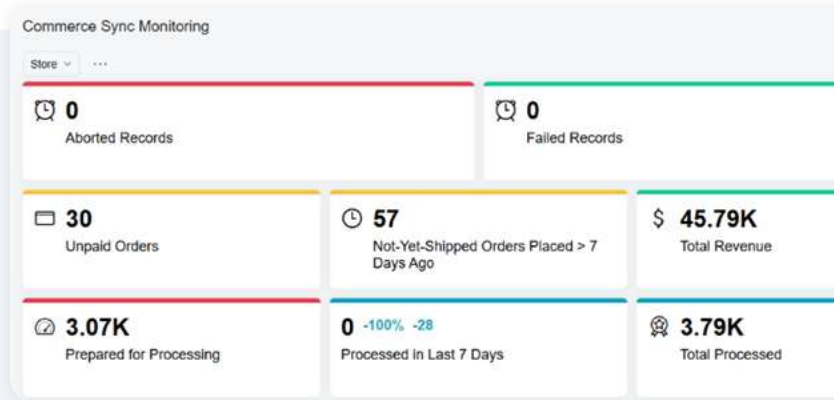

Acumatica's warehouse management enhances efficiency with mobile access, barcoding, and automated workflows for picking, packing, and shipping. Real-time tracking, barcode scanning, and guided workflows speed up fulfillment while reducing errors. Seamless shipping integrations ensure fast order processing, keeping customers happy. Whether managing one warehouse or a complex network, Acumatica provides the agility and visibility to keep operations running smoothly.

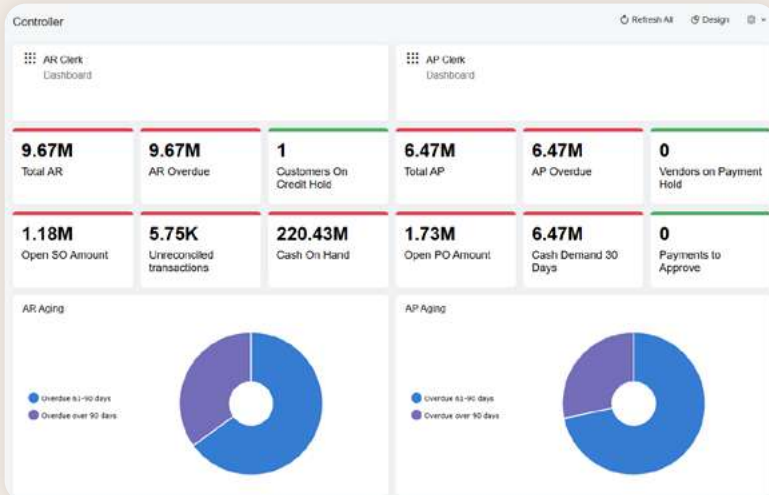

Commerce & Point of Sale

Acumatica's native integrations with Amazon, Shopify, and BigCommerce enable you to connect your digital commerce storefront with Acumatica's financials, inventory, product information, and fulfillment—in real time. Expand brick-and-mortar showroom sales with applications for counter sales and will-call orders connected to cash registers, receipt printers, barcode scanners, and credit card terminals.

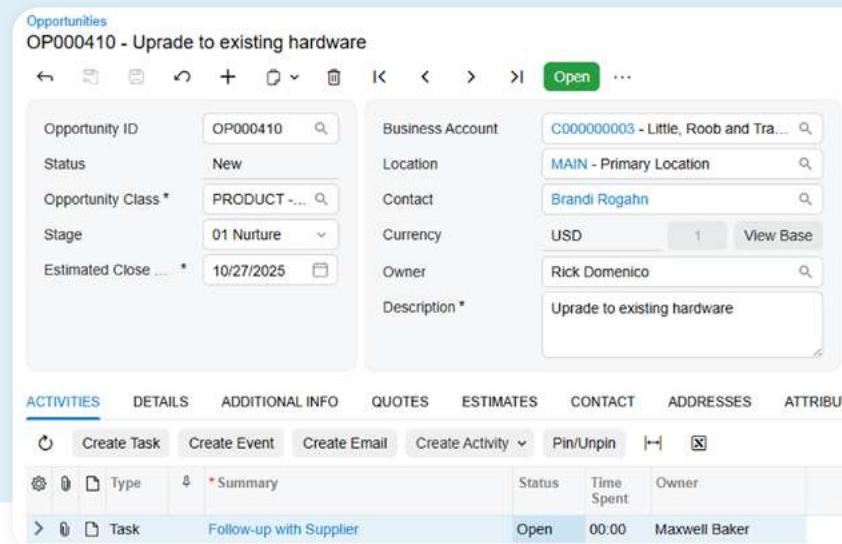

Financial Management

Simplify accounting, automate invoicing and payments, and ensure accuracy effortlessly. Make smarter decisions with real-time insights from intuitive dashboards. Streamline approvals and cash management to boost efficiency and reduce errors. Manage expenses, track profitability, and optimize budgets with tools that keep you financially agile and positioned for success.

CRM

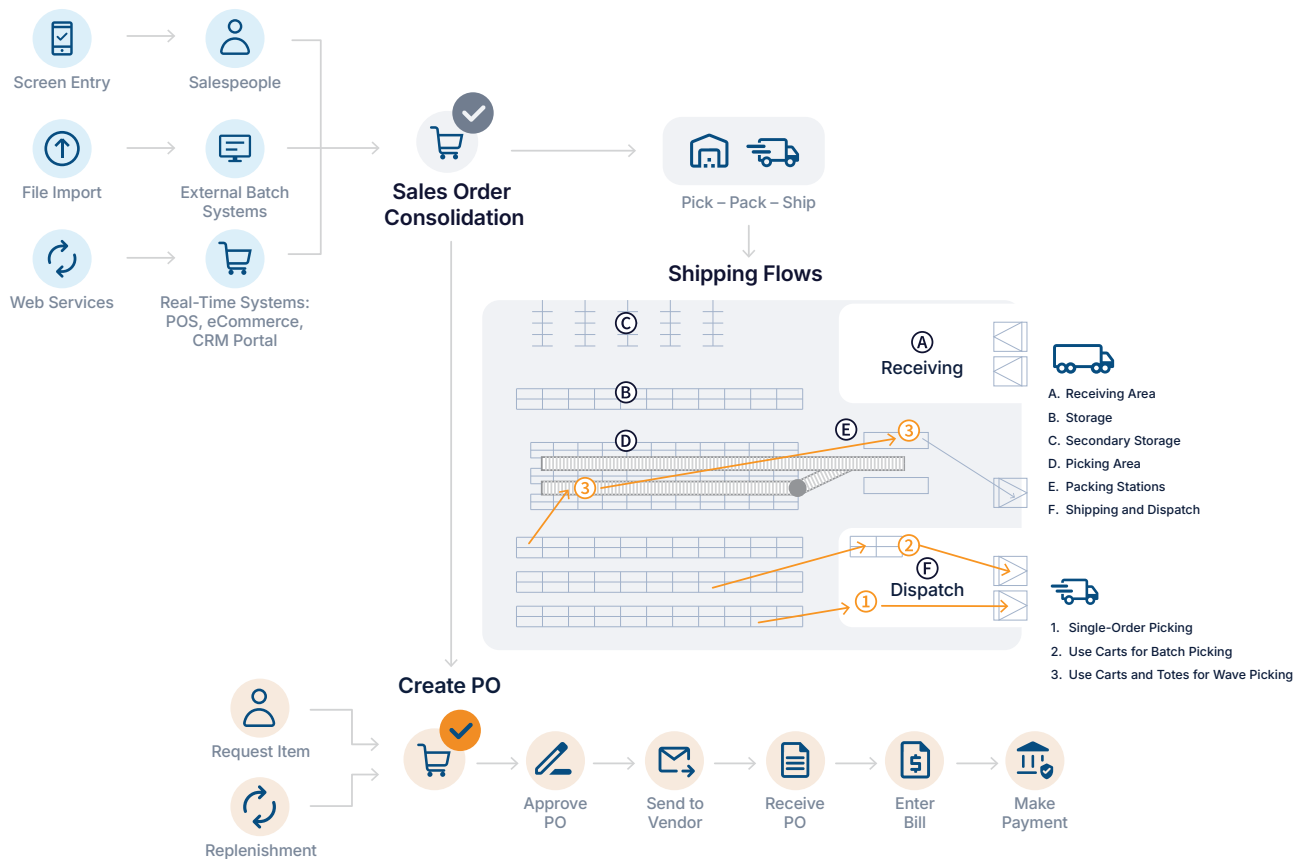

Acumatica's CRM automates marketing, streamlines sales, and simplifies customer support. Boost engagement, close deals faster, and resolve issues efficiently—all with full visibility into customer interactions to strengthen relationships and drive growth.

Automate Q2C, P2P, and Warehouse Workflows

Accelerate cash flow with automated quote-to-cash features for faster quoting, approvals, invoicing, and collections. Utilize time-phased planning and replenishment tools to optimize purchasing decisions and streamline the procure-to-pay process. Source products with vendor requisitions and apply AI-driven workflows to reduce manual work, improve accuracy, and track vendor performance. Embedded WMS with barcode scanning and real-time inventory visibility accelerates fulfillment and minimizes errors.

The Adaptable Acumatica Cloud ERP Platform

The Acumatica Cloud ERP platform is built on the world's best cloud and mobile technology, providing the tools business users need to reimagine an interconnected world.

The architectural framework and application development platform leverage new technologies with user-driven feedback, empowering business users to tailor the system with role-based security and low-code and no-code customization tools for a personalized ERP experience. Developers can easily customize and extend the application to meet unique business and industry requirements.

Acumatica allows users to modify workflows, rearrange screens, customize reports, build dashboards, and tailor the system without writing code. Transform your business, collaborate across departments, and prepare for growth with a business management platform that adapts to your evolving needs.

BIGCOMMERCE

“Acumatica handles inventory so much better than our old system. This is a big time savings for us to see live inventory availability across our three different locations and not have to resort to various spreadsheets or wander through our yards of products like we did before.”

– Steve Slaughter, President/CEO, [Frederick Block, Brick & Stone](#)

Acumatica Cloud ERP is a comprehensive business management solution that was born in the cloud and built for more connected, collaborative ways of working. Designed explicitly to enable small and mid-market companies to thrive in today's digital economy, Acumatica's flexible solution, customer-friendly business practices, and industry-specific functionality help growing businesses adapt to fast-moving markets and take control of their future.
